6th January 2020

Dear Families,

How to access your child's Google Meet:

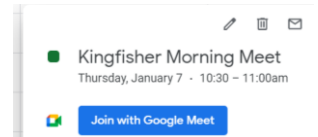

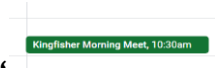

1. When in Google Classroom, click on 'Classwork'

2. Click on 'Google Calendar'
3. Find the day

4. Click on the event and click 'Join with Google Meet'
5. Teachers may also share the link as an announcement on google classroom.

Please see the google meet timetable for mornings below. We have scheduled these so that families sharing devices will not be expected to be on a live lesson at the same time as a sibling in a different year group:

	9:00	9:30	10:00	10:30	11:00	11:30	12:00
Year R							
Year 1							
Year 2							
Year 3							
Year 4							
Year 5							
Year 6							

There will be separate Google Meet sessions in the afternoons, for whole classes, small groups and individuals, which the class teacher will inform you of.

With thanks for your support, Team Welton.
