## National Tutoring Programme

Dear Parent,

As part of the national Covid Recovery Plan for learning we are able to access tutoring for small groups of children. We would like to offer this exciting opportunity for your child as we feel that he/she would benefit from this. This will be completely free of cost to you and will be delivered by professional teachers that have been vetted and verified. We are planning to have 3 children working together with a tutor in school after normal school hours. This is likely to be 3.30-4.30pm on 2 days a week for about 5 weeks. We would like to start this as soon as possible after the Easter break. Your child's class teacher will work closely with the tutor to target learning in specific areas in either Maths or English.

There will be an opportunity for a short break and a snack at the end of the school day followed by an hour of tutoring. Welton staff will be present throughout these sessions in school. If you would like your child to benefit from these sessions please complete the linked Google form:
